

**Manufacturer Representatives**

PO Box 721038  
Roselle IL 60172

[www.br1marketing.com](http://www.br1marketing.com)

Complete line of static control products including mat material, floor paints, ESD flooring of all types and chemicals, test equipment, finger cots, gloves, personnel grounding, aerosol chemicals, wipes and swabs.

[www.aclstaticide.com](http://www.aclstaticide.com)

Manufacturer of the Trident series of batch cleaning equipment, zero ion cleanliness testing systems and stencil wash systems.

[www.aqueoustech.com](http://www.aqueoustech.com)

Leading supplier of wave solder machines, selective solder machines reflow ovens, BGA rework, inspection and screen printers

[www.kurtzera.com](http://www.kurtzera.com)

Manufacturer of high speed and high mix pick and place equipment. Featuring the NXT III and AIMEX III platform. Also new platforms include AIMEXR and NXTR with a complete line of screen printers and storage systems.

[www.fujiamerica.com](http://www.fujiamerica.com)

Manufacturer of a complete line of magazines for PCB handling along with magazine washers, automatic width adjustment machines in line board cleaning modules.

[www.nixofamerica.com](http://www.nixofamerica.com)

Automated and manual adhesive dispensing and selective spray coating equipment and 1 and 2 part dispensing systems. Complete line of needles, barrels, cartridges and static mixers for both manual and automated systems.

[www.pva.net](http://www.pva.net)

SMARTKLAUS is a camera based digital assistance system designed to deliver smart production technology by supporting operators with manual assembly processes in your factory

[www.eapltd.smartklaus.com/](http://www.eapltd.smartklaus.com/)

Manufacturer of ergonomic microscopes, optical inspection and non-contact measurement systems using patented expanded pupil technology.

[www.visioneng.us](http://www.visioneng.us)

Manufacturer of soldering-desoldering equipment Erem precision tools, Xcelite hand tools and Weller filtration products including a complete line of benchtop dispensing equipment and accessories.

[www.weller-tools.com/us/en](http://www.weller-tools.com/us/en)

Leading global manufacturer of tin-lead and lead-free solder assembly materials for the electronics industry, including reclamation services. Ask about our new REL alloys.

[www.aimsolder.com](http://www.aimsolder.com)

Complete line of electric screwdrivers, torque testers and accessories.

[www.nittokohki.com/delvo/](http://www.nittokohki.com/delvo/)

Industry leading conveyors for all your automation needs. Industry leading laser marker systems.

[www.flexlink.com](http://www.flexlink.com)

Manufacturer of horizontal, vertical and vacuum type reflow and IR curing ovens.

[www.hellerindustries.com](http://www.hellerindustries.com)

Industry Leading 3D AOI, SPI and AXI equipment.

[www.inspection.omron.us](http://www.inspection.omron.us)

Production systems to help solve assembly issues. Smart storage systems Cut and clinch thru hole guided workstations.

[www.robotas.com](http://www.robotas.com)

Manufacturer of the XRH count contactless component X Ray counting system and a complete line of X Ray equipment.

<https://count.visiconsult.de>

The Vision-Luxo range of illuminated industrial bench magnifiers, offer outstanding performance for a range of manufacturing, assembly and inspection tasks. Superb optical quality, available in up to 5 diopter.
